

## **Requesting a copy of a Fire Investigation Report**

Not all incidents meet the criteria for a Fire Investigation to be carried out, by completing this form you are requesting for a copy of an already completed report. This form does **not** act as a request for a Fire Investigation to be carried out post incident. Fire Investigation Reports are conducted for multiple reasons, including: at the request of the Police/Officer in Charge, where the cause is unknown, where there is a loss of life, potential for loss or serious injury. (This list is not exhaustive). Please read through this guidance document carefully, before completing your Copy of a Fire Investigation Report Application Form.

Personal data in a Fire Investigation Report is often limited and ordinarily relates to any victims that may have been injured at an incident. Normally, we can only disclose information to the occupier of a property, driver of a vehicle or someone operating a business at a premises at the time of an incident. However, we understand that often it is the landlord/letting agent or insurers who will request the Fire Investigation Report – in those cases, we can release the report, provided we have the consent of those individuals. If there are multiple persons involved with an incident, we require consent, from all individuals to release an unredacted version, should it contain their personal data - or another legal basis to disclose their personal data. This is essential, in order to comply with data protection legislation and to protect unwanted intrusions into people's privacy.

If you are acting and requesting on someone's behalf and require the full unredacted Fire Investigation Report, then you must provide consent and two forms of identification from all involved.

If there are multiple persons involved within a fire investigation report, we will require consent from **all** individuals to release an unredacted version, should it contain personal data. A signed confirmation in section 3 on the application and two forms of identification that is on the approved list as shown on the UK Government Website Checklist for Individuals is needed to verify identity. <https://www.gov.uk/government/publications/proof-of-identity-checklist/proof-of-identity-checklist>

## **Completing the Application Form**

**Section 1** - The details required in 'Requester and Incident Details', are used to record and evaluate the lawful basis to receive the Fire Investigation Report. It should be filled out as the person requesting the information. Mark the category that is most appropriate and relates to your relationship to the incident. If you are acting on behalf of someone that the report is related to, (solicitor/insurance) please state the name(s) of your client(s). However, if your relationship to the incident is not stated, please, in as much detail as possible, explain in 'Other'.

**Section 2** – This section relates to the incident itself. To locate the incident, detailed and accurate information is required. Part of this section is split in to two, either for a report relating to a property or a report relating to a road vehicle.

**For a fire investigation report relating to a property, please indicate what property type was affected.** Dwellings include: House, Flat, Bungalow, Hotel, Care Homes, etc.

Non-Residential Buildings include: Commercial/Retail Space, Offices, Industrial Plants, Warehouses, Schools, Entertainment Centres, Medical Facilities, Sporting Venues, etc.

Outdoor Structures include: Rubbish Tips, Bin Storage Areas, Wheelie Bin, Garden Fences, Sheds, Tents, Post Boxes, etc.

**For a fire investigation report relating to a road vehicle, please note as much detail of the vehicle as possible.**

Vehicle Type includes: Car, Van, Motor Home, Caravan, Agriculture, LGV/HGV, Motorcycle, Bus, etc.

Please continue to fill the remainder of Section 2, including the date, time, and the address. To reiterate, if the report mentions, or contains personal information of other people, consent and two forms of identification will be needed from all involved to have access to the full fire investigation report.

**Section 3** – If you are requesting on behalf of someone, your identification is not needed. However, to prove that your interests are legitimate, we will require the consent and the identification from all those you are requesting on behalf of. If you are the requester and the occupier of the property/driver of the vehicle, then your identification will be required, and again, if there are more people involved, then their consent and two forms of identification is required. Use the extra consent slips on Section 3 to gather the consent of others (if applicable) – if more are required, contact Information Governance.

On receipt of a completed and satisfied application form, will we then conduct a search to enquire if a Fire Investigation Report was completed for the requested incident. If a Fire Investigation Report was completed, we will then advise you of you unique IG00 reference number and to make payment. If a Fire Investigation Report was not completed as part of the incident, we will advise you of this also. The issuing of a Fire Investigation Report can take up to one calendar month after payment has been received.

### **Payment**

Please return your completed Copy of a Fire Investigation Report Application Form to [InformationGovernance@southwales-fire.gov.uk](mailto:InformationGovernance@southwales-fire.gov.uk) or the postal address below, before making payment. Once we have received your completed application form, you will be given a unique IG Reference Number by the Information Governance Team.

To cover time spent preparing, researching and administration of the fire investigation report, it is necessary to charge a fee of **£594.23** (inclusive of VAT).

To ensure we can identify your payment, you **must** reference your unique IG Reference Number when raising payment.

Payment can be made via Bankers Automated Clearing System (BACS). Alternatively, please enclose a cheque made payable to South Wales Fire and Rescue Service and send to the following address, along with the documentation described in this guidance document:

#### **Information Governance**

South Wales Fire and Rescue Service HQ  
Forest View Business Park  
Llantrisant
